

What is Person-Centered Planning?

Transition plans work best when you fully participate in planning your own life. With person-centered planning, you will be asked to talk about your goals, needs, resources, personal experience and motivation to relocate.

Everyone depends on others at times. Through the MFP project, you will learn who these important people are and build new relationships with people who share goals that are important to you.

What are Home Modifications?

You may need assistance to live independently in your own home. Home modifications may include the installation of ramps or grab bars or widening doorways. Money Follows the Person includes financial help for eligible older adults and persons with disabilities to make these changes to existing structures. Contact your MFP Transition Coordinator for more details.

What is Self-Direction?

Self-direction means that informed consumers make choices about the home- and community-based services they receive. They can assess their own needs, determine how and by whom those needs should be met and monitor the quality of services received.

"[I'm] happy to be independent, and the MFP program is the best program in Georgia."

Brenda, former MFP participant

What is Money Follows the Person?

If you have lived in an inpatient facility (i.e., a hospital, nursing facility or an intermediate care facility for people with developmental disabilities) for at least 90 consecutive days and would rather live in your own home, apartment or group setting, you may be eligible for home- and community-based services (HCBS) through Georgia's Medicaid programs.

Money Follows the Person (MFP) can assist with home- and community-based services. It is a grant offered through the Centers for Medicare and Medicaid Services (CMS) and the Georgia Department of Community Health (DCH).

Who will help me relocate?

If you want to move into your own place (home, apartment or group setting), you can take advantage of MFP and HCBS. Through MFP, you will learn the skills you need and get the information and help you need to move to the community.

What MFP services are available?

- Peer community support
- Trial visits to the community
- Household furnishings (limited)
- Household goods and supplies
- Moving expenses
- Utility and security (rent) deposits

What are the goals of MFP?

1. To increase the use of home- and community-based, rather than institutional long-term care services;
2. To eliminate barriers in state law, state Medicaid Plan and state budgets that prevent or restrict the flexible use of Medicaid funds to enable Medicaid-eligible persons to receive support for long-term services in a setting of their choice;
3. To increase the ability of the state to continue to provide home- and community-based services to eligible people who choose to transition from an institution to a community setting.
