Why Tybee Island?

Nestled a few miles east of Historic Savannah, Georgia, Tybee Island is a nostalgic barrier island which offers eclectic shopping, dining, art and a rich history - all just a short shuttle ride away!

Kick off your shoes and relax, with five miles of unspoiled public beach, you can stroll, swim or snooze to your heart's content. Life is almost too good here.

Watch the shrimp boats scoop up delicious Georgia shrimp, take a walk on the pier or ride a bike on the hard-packed sand. Explore the sites at your leisure or climb to the top of our historic 1773 Lighthouse and see the world like never before.

Getting around is a breeze too! Experience all that Tybee Island has to offer on foot or you can ride in style via a rented bike or electric car. When your day is over, hop on the shuttle back to your destination.
